

# XanthoMyst™

## Why Is the Product Called XanthoMyst™?

"Xantho" is derived from the many natural xanthenes including the most active,  $\alpha$ -mangostin, found in Mangosteen Pericarp (rind), and "Myst." Twist & Myst™ your daily serving of XanthoMyst™ into your mouth. XanthoMyst™ efficiently delivers these compounds through the mucous membrane into your body for higher potency and bioavailability. These compelling benefits are beyond anything else we have seen related to mangosteen in the market.

Using technology that is widely used in pharmaceutical manufacturing, the team formulated a nanoemulsion-based system that encapsulates the extracted natural xanthenes within a liposomal nanoemulsion designed to deliver more Xanthone-Rich active ingredients than previously thought possible. Using our next-generation 10xPURE™ technology supports bioactive, Mangosteen-derived Xanthenes as promising candidates for health benefits.

## XanthoMyst™ Bio-Delivery Myst

From the moment you Twist & Myst™ XanthoMyst™ into your mouth, you'll LOVE the way the tiny nanobubbles adhere to the inside of your mouth. Next, our 10xPURE™ proprietary encapsulated, mangosteen, Xanthone-Rich, nanoemulsion technology improves the delivery of XanthoMyst™ directly into your body, bypassing the degradation of gastrointestinal enzymes in the stomach.

**Suggested Usage:**  
4 Mysts per day  
totaling 120 Mysts  
per Myster.

**Ingredients:**  
10xPURE™ Proprietary Blend  
0.5ml, Extracted Xanthenes, MCT  
Oil, Lecithin. Other Ingredients:  
Stevia, Natural Flavor, Potassium  
Sorbate, Sodium Benzoate,  
Distilled Water.

### Supplement Facts

Serving Size: .5 ml (4 Mysts)/Day  
Servings Per Container: 30

& MYST™!**

DIETARY SUPPLEMENT

# XanthoMyst™

## KEY BENEFITS:

Nanoemulsions support the delivery and absorption of active nutraceutical ingredients. Nanoemulsions are tiny droplets of one liquid suspended within another liquid. Picture the tiny droplets that form when you shake an oil-and-vinegar mixture, except the droplets are micronized to carry mangosteen Xanthonones and nutrients throughout the body.

## Nanoemulsion Benefits:

- Enhanced Bioavailability
- Better Health Effects
- More Potent Delivery
- Better Absorption
- Faster Cellular Penetration
- Get More of What You Pay For

There are more Xanthonones in the pericarp, or rind of the Mangosteen, than any other source on earth!

## Xanthone-rich mangosteen fruit pericarp (rind):

Contains phytonutrients like Xanthonones and other groups of compounds, including anthocyanins, catechins, and flavonoids, all of which have their own list of studied therapeutic benefits.

- Rich in Antioxidants
- Supports overall Health and Well-Being
- Supports a healthy Cardiovascular System
- Supports a healthy Inflammatory Response
  - Inflammation is a key driver of heart disease (The Silent Killer)
- Supports a healthy Immune System
- Provides healthy Blood Sugar Support
- Supports healthy Brain Function

## 10xPURE™ Technology Recap:

- Extract insoluble xanthone compounds into a concentrate
- Integrate concentrate into extremely stable water soluble liposomal nanoemulsion
- Deliver liposomal nanoemulsion via oral mist for access by your body
- Small micronized liposomal particles more easily absorbed by your body

Allergen Statement: Contains Coconut Oil.
